Table 1: Population status of the Griffon Vulture in Europe and the Mediterranean (no. accounts for breeding pairs, except "birds"). Data 1986 (Gensbøl & Thiede, 1986), data 1994 (Tucker & Heath, 1994), 2002 current investigation. Population trend: (++) huge increase, (+) increase, (=) stable, (-) decrease, (--) huge decrease. ¹ Abuladze (1997), ² Gavashelishvili & McGrady (2002), ³ Zhatkanbaev (2003); ³ Katzner & Sklyarenko (2002), ³ Moseikin (2003), ³ Tilba (2000), ³ Tilba & Mnatsekanov (2003), ³ Galúshin (2003), ⁴ Appak (2000), ⁵ Mitropolski et al. (1987), ⁷ Katzner et al. (2004).
